Re: Addendum Number 1  
IFB C1519R – West Courtyard Roof Renovation

**Question:**

Q1. I have a set of your plans, but no plumbing plans for the roof drains on this project. Can you send them to me? We have a walk through on March 9th and would like to understand the scope of work.

A1. As part of the roof project, the roof drains are all existing to remain as noted in the drawings. The only new plumbing scope is related to a new hosebib, which is captured in the plumbing sheets as part of the separate Mechanical project bid (C1532). In the roof set we have notes that specifically say the new hosebib is part of a separate mechanical project.
